FACTS AND FIGURES

Advertising in NYSDA print and digital publications empowers your brand.

NYSDA recognizes it is important to provide our members with a variety of educational content and material. Two important pieces of that mission are the New York State Dental Journal (NYSDJ) and the New York State Dental Association News (NYSDA News).

The New York State Dental Journal is the flagship publication of NYSDA and has appeared in several formats since 1933. A subscription to The NYSDJ is an exclusive benefit of membership.

The Journal is produced six times a year, and each issue features clinical and scientific articles written by researchers and practitioners. Other features include:

- A legal column
- Association News
- Educational and professional news
- Reports from each NYSDA component society
- Classifieds: Employment opportunities, practice/equipment sales and leases

2025 NYSDJ Production Schedule

Mailed: January and July issues are printed and mailed to 10,000 member dentists.

Digital: March, April, September and November issues of NYSDJ are produced as digital editions on NYSDA website.

In addition to NYSDJ, NYSDA News is our quarterly digital newsletter published in Feb, May, October and December. It offers a lighter look at the dental profession, including historical articles and profiles of members, as well as news of research and community programs emanating from dental schools in the state.

Ad space in NYSDA News is available as a complementary, value-added supplement to any advertising placed in a digital version of NYSDJ.

Each NYSDA publication is supplemented with an email push to alert readers to new print and digital publication content. The NYSDA eNewsletter garners industry-average-busting open rates ranging between 55% and 60%.

Advertising Standards

The New York State Dental Journal welcomes advertising as an important means of keeping the dentist informed about new and better products and services for the practice of dentistry. Such advertising must be factual, dignified, tasteful, and intended to provide useful product and service information.

The publication of an advertisement is not to be construed as an endorsement or approval by The New York State Dental Journal or its publisher, the New York State Dental Association, of the product or service being offered in the advertisement unless the advertisement specifically includes an authorized statement that such approval or endorsement has been granted.

As a matter of policy, The New York State Dental Journal will sell advertising space when the inclusion of advertising material does not interfere with the purpose of the publication. The NYSDJ reserves the right to accept or reject advertising, at its sole discretion, for any product or service submitted for publication.

GENERAL REQUIREMENTS

1. All advertisements submitted for display in The New York State Dental Journal are subject to review by staff and its advisors.
2. Advertisements must not be deceptive or misleading. The advertiser and the product or service being offered should be clearly identified in the advertisement.
3. Products or services eligible for advertising in The New York State Dental Journal must be germane to and effective and useful in the practice of dentistry. Products and services offered by responsible advertisers that are not related to dentistry but are of interest to dentists are eligible for advertising in The NYSDJ.
4. Advertisements will not be accepted if they conflict with or appear to violate New York State Dental Association policy, the NYSDA Code of Ethics or its Constitution and Bylaws, or if the advertisements are deemed offensive in either text or artwork, or contain attacks of personal, racial or religious nature.
5. Alcoholic beverages and tobacco products are not eligible for advertising.
6. Books related to the practice of dentistry are eligible for advertising. Appropriate books of interest to dentists and their families as consumers are eligible for advertising in The New York State Dental Journal.
7. The New York State Dental Journal reserves the right to decline advertising for any educational course that involves the teaching or use of a product or technique that conflicts with New York State Dental Association policy, or is the subject of an unfavorable or cautionary report by a recognized dental agency. The eligibility of an advertisement for a course conducted by or under the auspices of an organization or commercial venture other than the American Dental Association, NYSDA or a NYSDA component will be determined on a case-by-case basis. Acceptance of advertisements for courses and educational materials offered by commercial ventures and directed to the income of a dentist or to the commercial aspects of a dental practice will be reviewed for attractiveness, accuracy and dignity to determine eligibility.
